

SKILLSETU

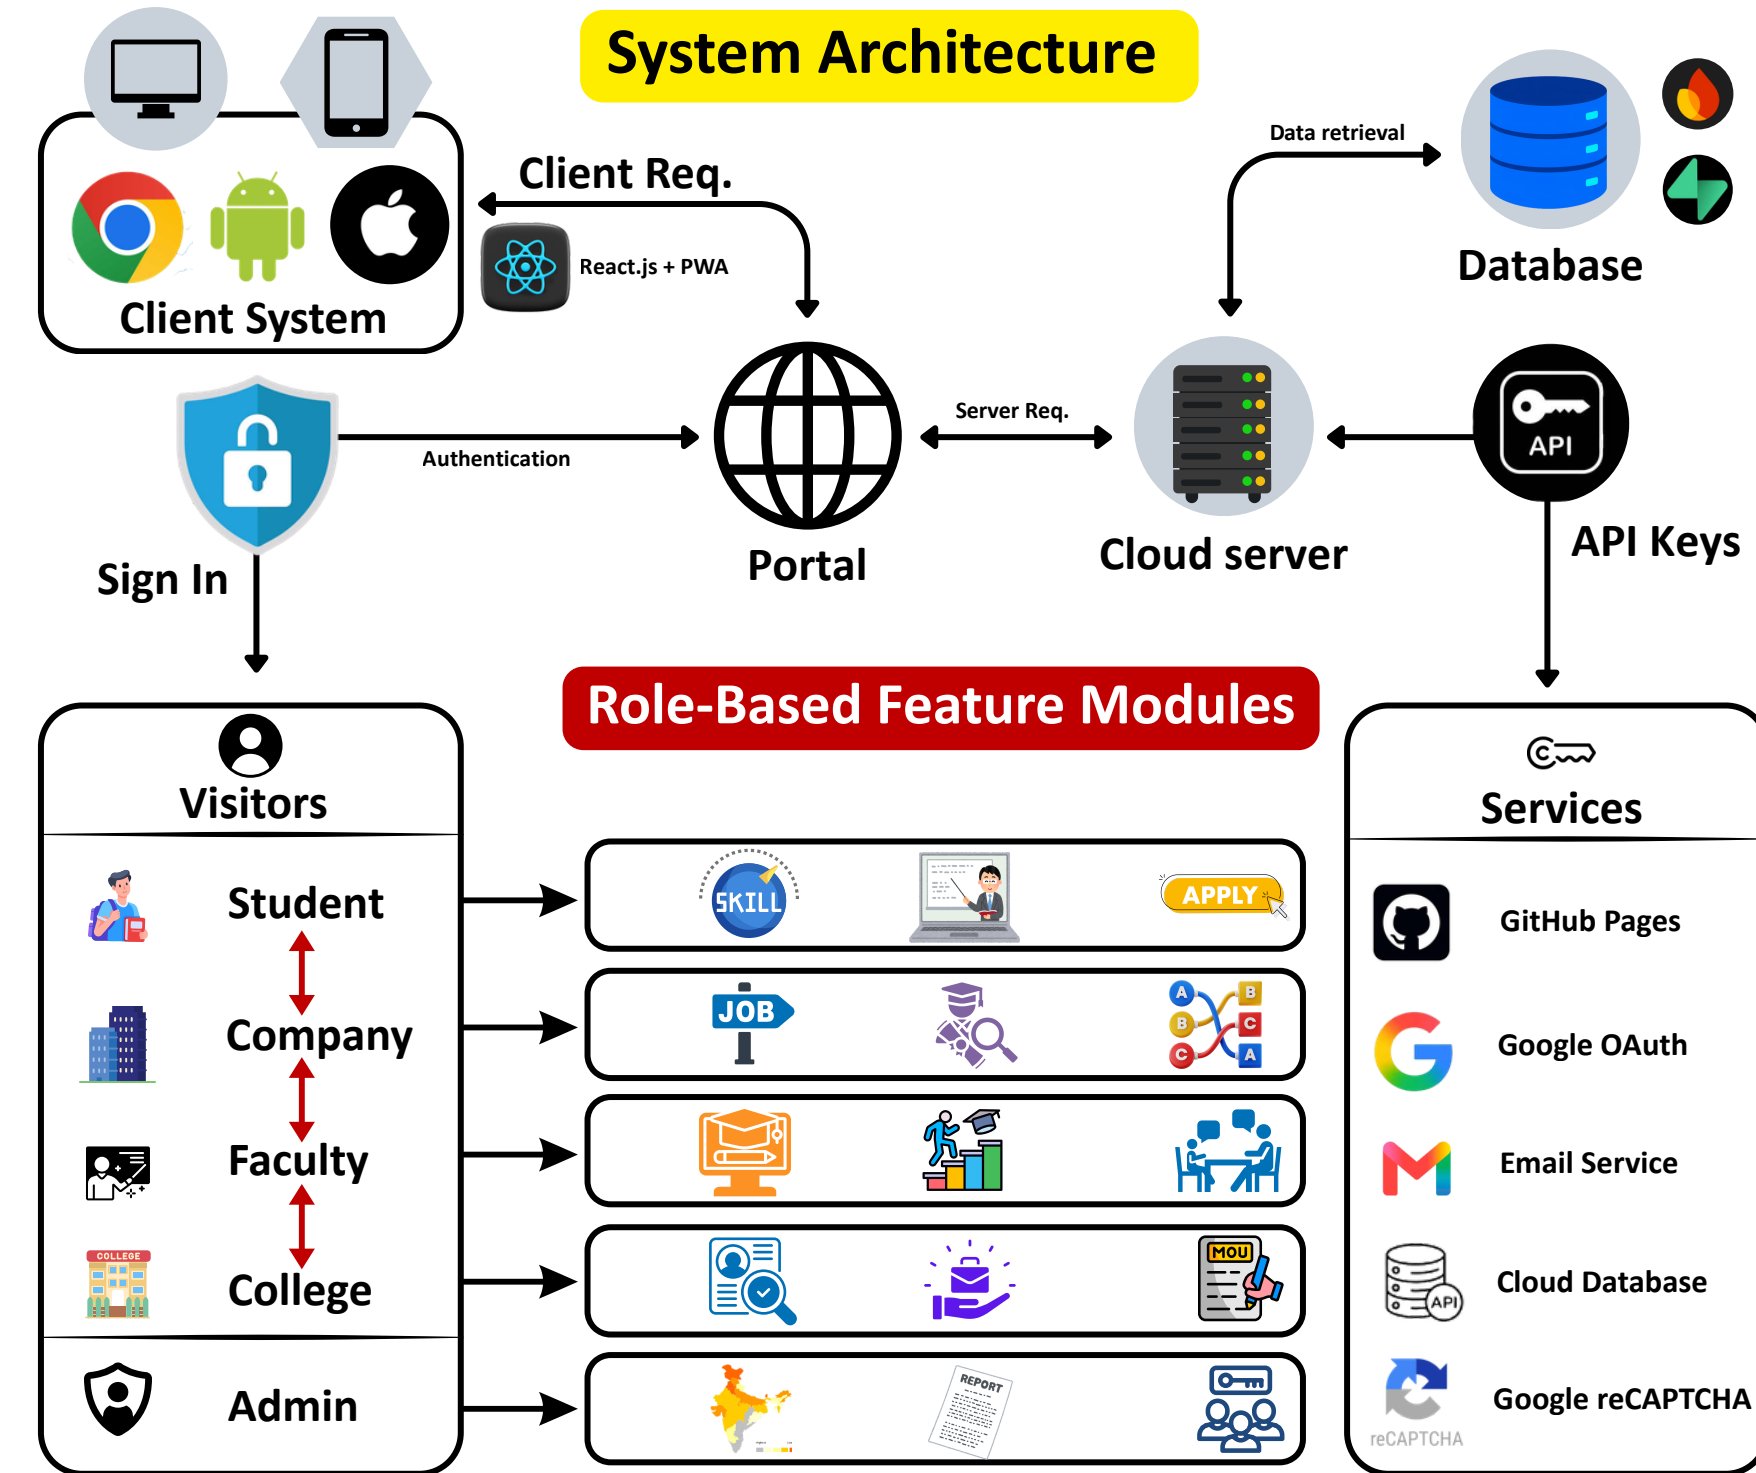

- **Problem Statement ID – SIH26044**
- **Problem Statement Title-** Portal for Academia Industry collaboration for Skill Mapping, Internships and Placement
- **Theme- Smart Automation**
- **PS Category- Software**
- **Team ID- N/A (Internal Round)**
- **Team Name (Registered on portal) : NJABBIC**

• Proposed Solution

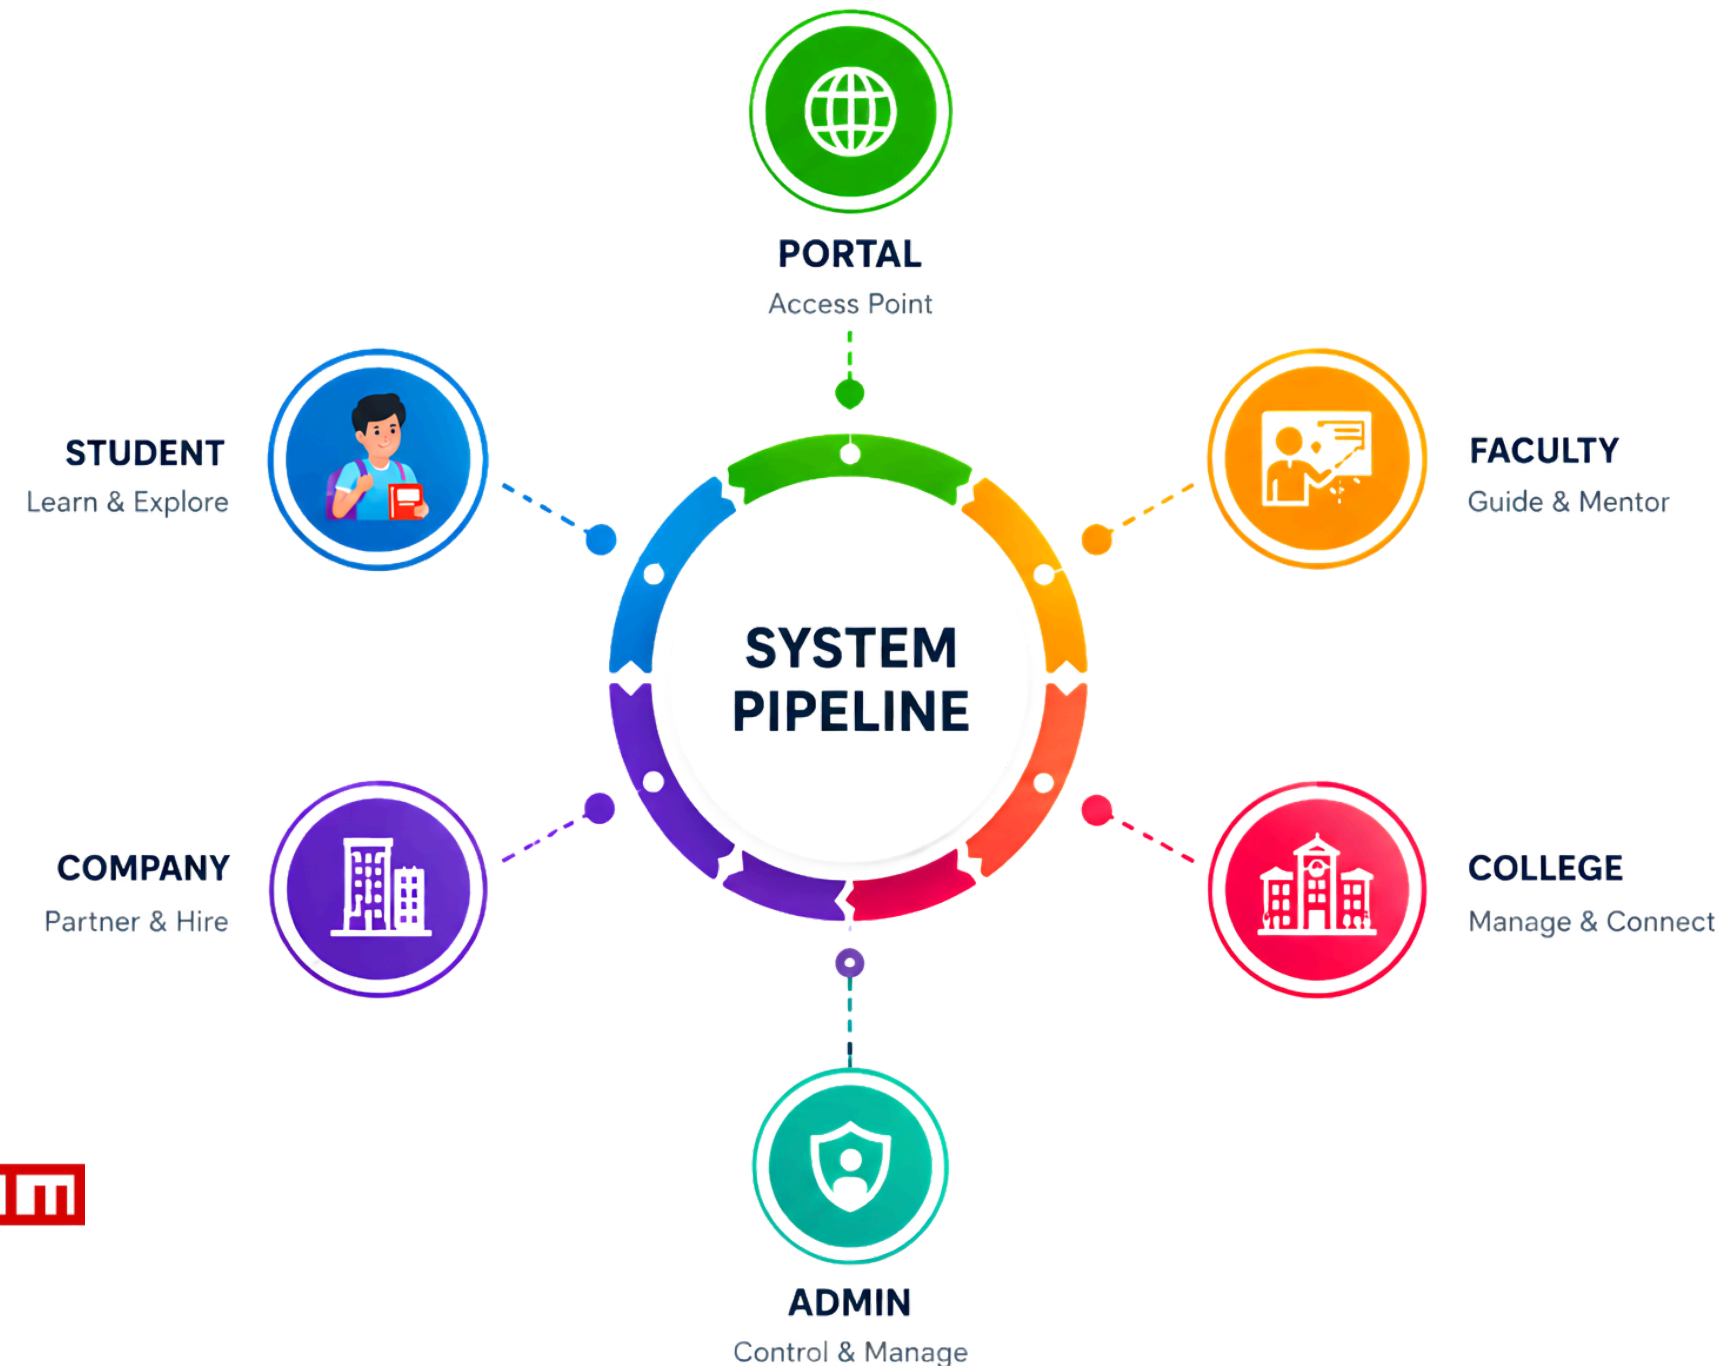

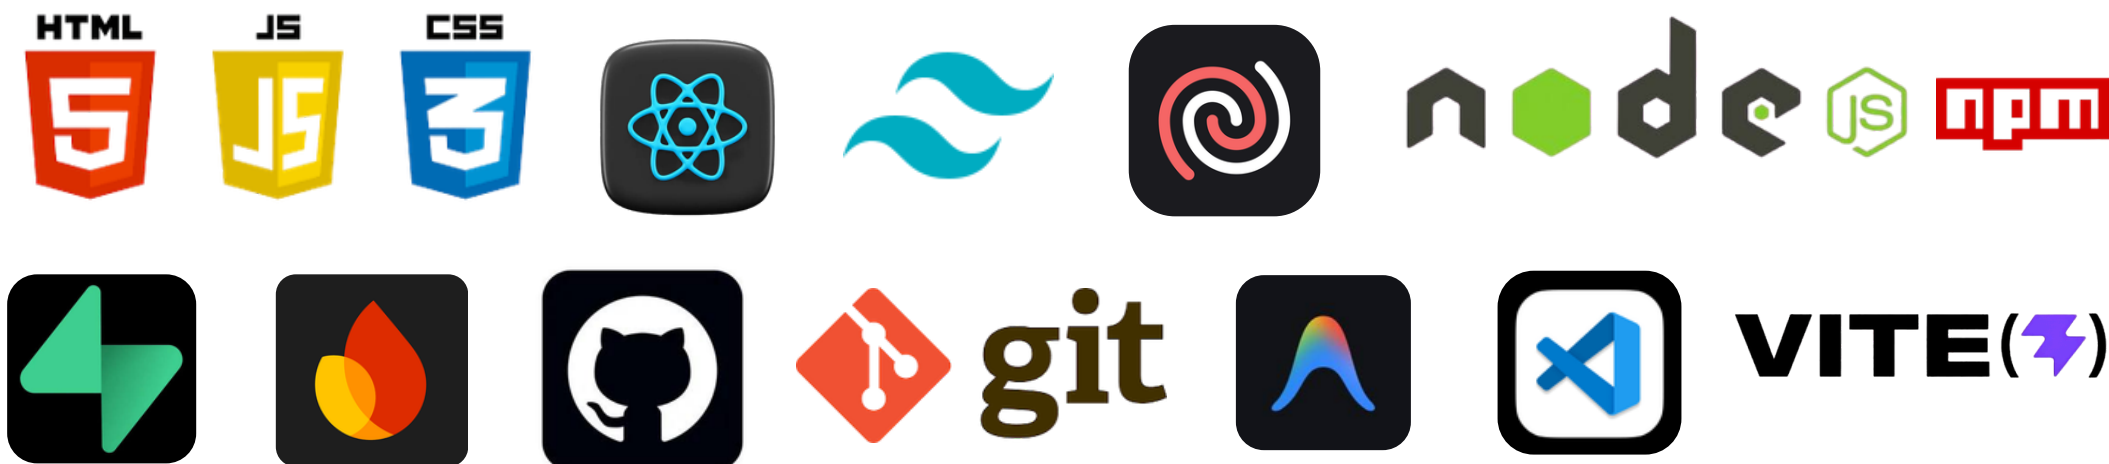

- **Centralized Ayush Web Platform:** Single portal connecting **students, colleges, and companies** for skill testing and hiring.
- **Skill Testing & Gap Analysis:** Tests identify what practical skills a student lacks compared to **industry needs**.
- **Targeted Bridge Courses:** Suggests short training modules so **students** can improve weak skills **before applying**.
- **Smart Internship Matching:** Automatically matches **eligible students** with internships and **jobs** across Ayush companies.
- **Visual 6-Axis Competency Radar:** Maps clinical and industrial skills like **Schedule T GMP** and HPTLC to replace flat text resumes.
- **App-First Mobile Interface:** Built with a native **mobile UI**, featuring a bottom navigation bar and **zero web clutter** for smooth access on any device.

SKILLSETU

• Technology Stack

- **Frontend** : HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS.
- **Backend** : Serverless Cloud Functions, Modular API Architecture.
- **Database** : Supabase, Firebase Firestore, Realtime Cloud Database.
- **Authentication** : Google OAuth 2.0 (Gmail Login), Role-Based Access Control (RBAC), Row-Level Security (RLS).
- **API Services & Keys** : Google Auth API, In-App / Email Notification Service, Protected REST Endpoints via Environment Variables (.env).
- **Deployment & Tools** : GitHub, GitHub Pages (Free Web Hosting), GitHub Actions, npm , Git.

FEASIBILITY AND VIABILITY

Feasibility

1. **Technical:** Zero-overhead **BaaS** and responsive **PWA** app
2. **Modularisation:** 3-phase pipeline (**Radar** > **Bridge** > **1 Click Apply**)
3. **Market:** High industry demand for **Schedule T GMP**
4. **Economic:** 100% **Open-source** stack with **zero** licensing fees

Viability

1. **Revenue:** B2B **recruiter subscriptions** & **sponsored** tracks
2. **User Base:** **42k+** graduates, **536+** colleges & **7.3k+** pharma units
3. **Scalable:** Serverless **BaaS** handling high concurrent traffic
4. **Long-Term:** Centralized national Digital **Ayush Registry**

Challenges

1. **Assessment:** Risk of **test cheating** and proxy candidates.
2. **SME Adoption:** Traditional units hesitant with **complex software**
3. **Curriculum:** Academic **syllabus** updating too **slowly**.
4. **Data Privacy:** Protecting **student records** across colleges.

Solutions

1. **Timed Engine:** Dynamic tests with **strict** per-item **timer**
2. **Radar Match:** Frictionless **1-click** post & auto skill filter.
3. **Micro-Bridge:** 15-minute courses built by **pharma R&D**.
4. **Data Security:** Protected with **RLS** and **SHA-256** records.

Use Cases

1. **Ayush Students:** Find **GMP** gaps, finish bridges & get **1-click** matches.
2. **Ayush Pharma:** Post openings with **skill thresholds** to hire pre-vetted talent.
3. **Faculty & Colleges:** Track **cohort radars** & assign remedial modules.
4. **Ministry:** Analyze state deficit **heatmaps** for targeted **policy**.

Business Potential

1. **Recruiter SaaS:** Tiered **B2B** access to unlock **verified** talent pools.
2. **Institutional SaaS:** Annual reports for **NAAC** & **NCISM** compliance.
3. **Sponsored Tracks:** Co-branded modules funded by **pharma brands**.
4. **Government Grants:** Public funding via **National Ayush Mission** (NAM).

Supporting Facts for Feasibility and Viability

→ **\$43.4B+ Market Growth:** Invest India & **Ayush Ministry** report massive surge in demand for certified compliance talent.

→ **55%+ Skill Deficit:** FICCI & HSSC report over 55% of graduates lack practical **Schedule T GMP** & testing skills.

→ **10,000+ MSME Demand:** NITI Aayog data shows 80%+ drug units urgently need **Day-1 job-ready** QA/QC personnel.

• Potential Impact On Target Audience

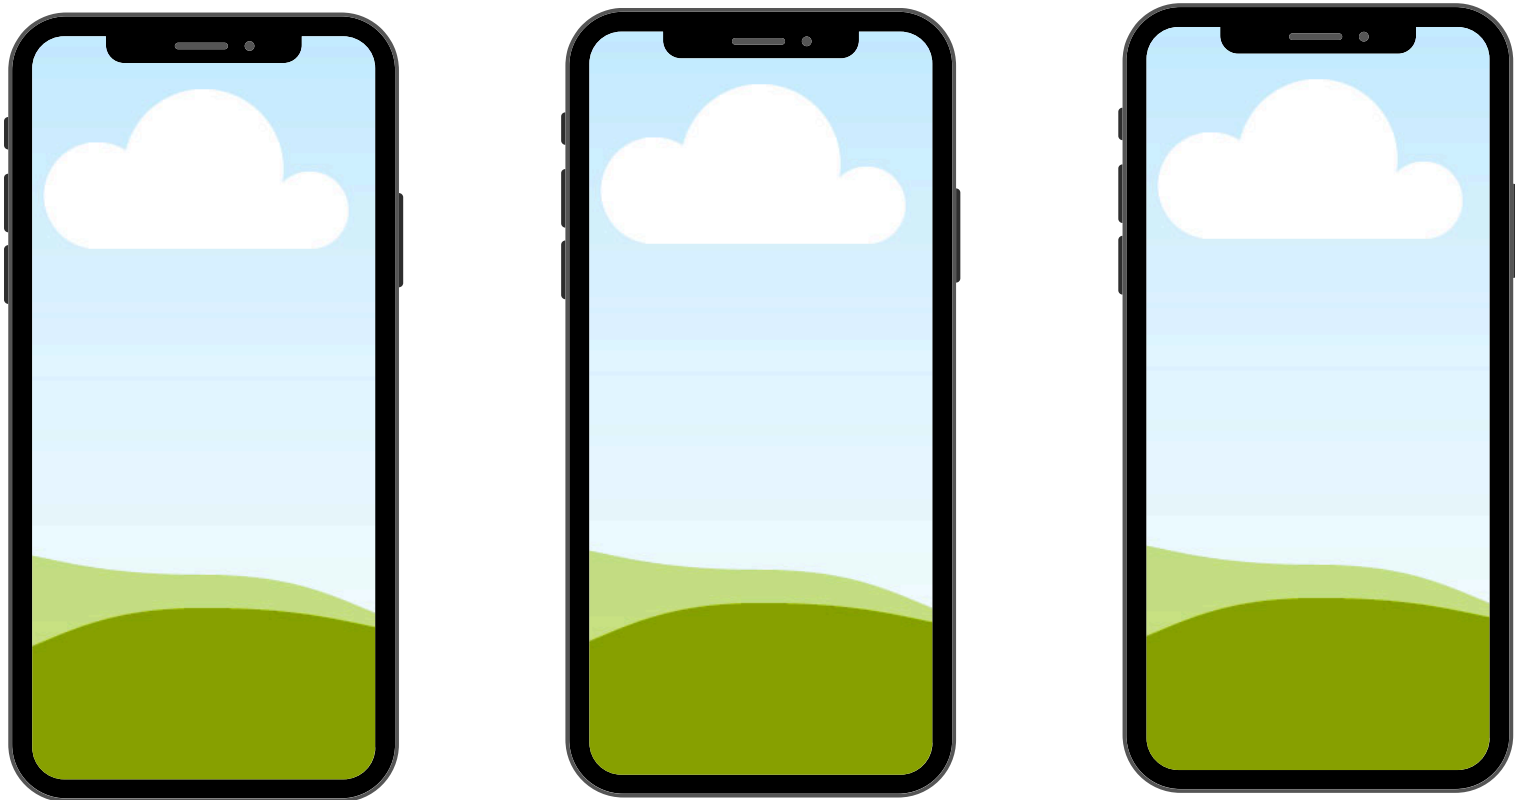

- **40% Faster Placement:** Slashes hiring cycle from **10 weeks to 6 weeks** for 42,000+ BAMS graduates.
- **30% Cohort Gap Reduction:** Closes deficit index via **12 HSSC NSQF**-aligned micro-modules.
- **Direct MSME Talent Pipeline:** Zero hiring friction for India's **7,345+** licensed drug manufacturers.
- **Pan-India Digital Onboarding:** Unified ecosystem across **536+** permitted Ayush colleges.

• Benefits Of The Solution

	01	SOCIAL 300+ CCRAS Grants Democratized • Direct access to national research & out-of-network clinical mentors.
	02	EDUCATIONAL 12 HSSC NQR Qualification Packs • Bridges Schedule T GMP, HPTLC & clinical trials into college labs.
	03	ENVIRONMENTAL 900k+ A4 Sheets Eliminated Annually • Full digital workflow for college NOCs, logbooks & certificates.
	04	ECONOMIC \$43.4B Market → 7,345+ Factories Linked • Slashes talent acquisition costs for licensed drug manufacturing.
	05	TECHNOLOGICAL 100% SHA-256 Verifiable Credentials • Automated radar competency indexing replacing text resumes.
